NOT A SQUARE DEAL.
Louis King Wins Sympathy of Court When Spotter's Method is Explained.

Another of the liquor cases growing out of the activities here since the first of the year of Louis King, an agent of the state police, was adjusted before Deputy Judge James N. Tucker in the town court Monday morning, when Louis King, a young man, was presented on a charge of having made a sale of whiskey to St. monini. By telling his story of the affair King won the sympathy of the court. Judge Tucker imposed a fine of \$10 and costs of \$18.69, but remitted all excepting the officer's fees of \$2.59, which amount King paid.

According to King's version of the affair, Simoncini approached him and solicited him to buy him some whiskey. Having a half pint of the liquor in his possession for his own use, King offered it to Simoncini as a gift and only accepted Simoncini's money in payment after it was repeatedly proffered and urged upon him. Simoncini was not present in court. Judge Tucker considered this method of fixing illegal sales upon a person as related by King and accepted by the court, as hardly within the bounds of what is ordinarily considered a square deal, so made the cost to the young man as light as possible; but by so doing disclaims all sympathy with illegal traffic in liquor, desiring only that justice be done in each and every case as the circumstances surrounding them may determine.

Lively Caucus This Evening.
Indications are that there will be a live caucus this evening and that the nomination of borough officers will not be the merely perfunctory proceeding of recent years. There will be some contests for places on the citizens ticket, as the non-partisan list has been termed, and probably some spirited balloting for at least two of the important places on the ticket. The caucus promises to be interesting.

For Hardy Men

We have purposely made up a tobacco to appeal to the strong, vigorous man who wants full flavor and fragrance combined with natural sweetness in his smoke or chew. This tobacco is LIBERTY. It is designed especially to satisfy the tobacco hungry man. It fills the bill.

Firemen, policemen, out-of-doors men, two-fisted men in general, all say LIBERTY satisfies. Once they start using LIBERTY they cannot get the same satisfaction out of any other brand.

LIBERTY

Long Cut Tobacco

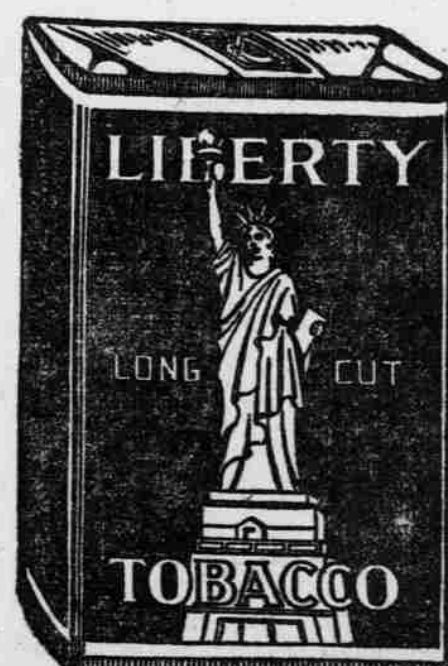

has character to it. That's why it appeals to and pleases these men of strong character.

LIBERTY is made from pure Kentucky leaf, aged for three to five years, so as to bring out slowly and naturally all the juicy mellowness and richness of the tobacco. That's why its quality never varies—and that's why hurried-up, hashed-up tobaccos can't compare with LIBERTY.

In the strenuous hours of work or in the pleasant hours of relaxation, be sure to have some of this wonderful tobacco with you.
